Our Collaborative Approach

1

Discovery Call

An initial consultation to gather key details, including design intent, floor plans, interior finishes, timelines, and project goals.

2

Design Package

We provide a design package including curated plant and planter styles, detailed product specifications, and budget projections to complement your space and vision.

3

Installation

Our trained and certified horticulturists ensure a seamless process, managing delivery and installation with precision and care.

4

Continued Care

We also offer ongoing plant care, led by our team of horticulturists, to ensure the vitality and beauty of your biophilic products.
